Maurice Strong called the meeting to order.

The three-issue survey drafted by the Executive Board was presented.

The following questions were raised:

- Why are we tying speed bumps to gate closure?
- Do we need a majority to move forward?
- Wasn't this already decided?
- Would speed humps suggest that Wellington Road is best for entry/exit in reference to gate closure?
- Why do we want speed humps?

The members agreed that we want a one-issue survey addressing speed humps only. The following language was adopted:

"Do you want speed humps on Wellington Road to prevent excessive speeding and enhance the safety of the neighborhood? (Yes) (No) "

The survey will ask for house number, date and signature.

It was agreed that the survey would be tallied and presented to Herb Wesson, ASAP.
